

The logo for 'Creative Encounters with science' features the words 'Creative Encounters' in a large, bubbly, orange font with a black outline. The letter 'E' in 'Encounters' is replaced by a stylized atomic symbol. Above the text are several hand-drawn elements: a planet with rings, several stars, and a rocket ship. Below 'Creative Encounters', the words 'with science' are written in a smaller, black, cursive font, followed by a small starburst graphic.

- ❖ What motivates your child? (i.e. certain activities, objects, food etc)
  
- ❖ What are the signs that your child is losing interest in the activity or becoming bored? Are there any ways you have found to allow them to refocus (maybe a body break or sitting in a quiet room for a few minutes)
  
- ❖ Is your child prone to meltdowns? If so, are these mostly verbal or physical? What are some strategies you have found to calm them down? Are there any signs to watch for that lead up to this?
  
- ❖ Does your child have any medical conditions/ on medication that may affect behaviour?
  
- ❖ Is there anything else you feel we should know?
